

## Decorative Arts Society

### “One Time Grant” Application 2023-2024

Decorative Arts Society may award one or more “One Time Grants” as part of our 2023-2024 grants cycle. Such grants are made possible by generous donations from our members, and are **in addition** to our regular awards. They are intended to help meet material, one-time needs of applicant agencies. For example, recent awards have included funding for a delivery van and playground equipment. They are not intended for staffing, ongoing expenses, or overhead costs.

One Time Grants may be funded up to \$50,000.

Non-profit organizations which fall within our grant guidelines, as outlined in our Grant Summary, may apply for **either or both** grants. In either case, applicants must complete DARTS standard application form in its entirety.

Applicants for a specialized, One Time Grant, must also complete the following:

Please provide substantial information about the nature of your agency’s specific request. For example, if it were to be a van, we would need to know more information than just saying “a van.”

Explain the need for this request.

Provide a cost estimate. For example, if it were for renovation of a playroom restroom, you would need to provide a contractor’s estimate.

Please provide a reasonable estimate of the length of time needed to complete the purchase or project for which you are applying. For example, if it were some sort of repair or renovation, are permits required?

Please identify if there is a specific agency representative to whom our Grants Committee could direct questions about your One Time request. It’s possible that this may not be the individual completing your regular, full application.

Thank you for your interest in this unique opportunity. Questions should be directed to:
